## Abstract

A total of 47 species are included in a revisionary treatment of *Pocadius* Erichson. Twenty-one species are redescribed, *P. yunnanensis* Grouvelle is resurrected, and 25 are described as new, including: *P. antennuliferus* (Brazil), *P. ashei* (Bolivia), *P. barclayi* (Sulawesi), *P. bicolor* (Brazil), *P. carltoni* (Nicaragua), *P. centralis* (Central America), *P. cochabambus* (Bolivia), *P. coxus* (Brazil), *P. crypsis* (Guyana), *P. dominicus* (Dominican Republic), *P. endroedyi* (southern Africa), *P. falini* (Paraguay), *P. fasciatus* (Borneo), *P. femoralis* (Vietnam), *P. fusiformis* (Sulawesi), *P. globularis* (Honduras), *P. insularis* (Trinidad), *P. kirejtshuki* (Australia), *P. luisalfredoi* (Mexico), *P. nigerrimus* (Paraguay), *P. okinawaensis* (Okinawa), *P. pecki* (Venezuela), *P. peruensis* (Peru), *P. tepicensis* (Mexico), *P. wappesi* (Bolivia). An adult and larval description for the genus also is provided and its phylogenetic position within Nitidulinae discussed. A key to all species is included, as well as a checklist of species and their distributions.

**Key words:** Nitidulidae, *Pocadius*, taxonomy, monograph, Nitidulinae, new species

## Resumen

Un total de 47 especies están incluidos en el tratamiento "revisionary" de *Pocadius* Erichson. Veintiuno de los especies están descrito de nuevo, *P. yunnanensis* Grouvelle fue resucitado, y 25 de los que están descritos como nuevos, incluyendo: *P. antennuliferus* (Brazil), *P. ashei* (Bolivia), *P. barclayi* (Sulawesi), *P. bicolor* (Brazil), *P. carltoni* (Nicaragua), *P. centralis* (Central America), *P. cochabambus* (Bolivia), *P. coxus* (Brazil), *P. crypsis* (Guyana), *P. dominicus* (Dominican Republic), *P. endroedyi* (southern Africa), *P. falini* (Paraguay), *P. fasciatus* (Borneo), *P. femoralis* (Vietnam), *P. fusiformis* (Sulawesi), *P. globularis* (Honduras), *P. insularis* (Trinidad), *P. kirejtshuki* (Australia), *P. luisalfredoi* (Mexico), *P. nigerrimus* (Paraguay), *P. okinawaensis* (Okinawa), *P. pecki* (Venezuela), *P. peruensis* (Peru), *P. tepicensis* (Mexico), *P. wappesi* (Bolivia). Una descripción de adulto y larval para el generó también esta proporcionada y su posición dentro del Nitidulinae esta discutido. Una clave a todas estas especies esta incluido, también una lista de comprobación de especies y sus distribuciones.
