

Erratum

NIELS P. KRISTENSEN, MALCOLM J. SCOBLE & OLE KARSHOLT (2007) *Lepidoptera phylogeny and systematics: the state of inventorying moth and butterfly diversity*. *Zootaxa*, 1668, 699–747.

The correct version of Figure 6 in which the prothoracic spiracle (detail 21) in accordance with the the legend text has the sclerotized lever and its associated occlusor muscle and opener ligament in an anterior position (and it has no ventral opener muscle). This version was submitted with the proofs, but the incorrect initial figure was inadvertently retained during the definitive editing.
