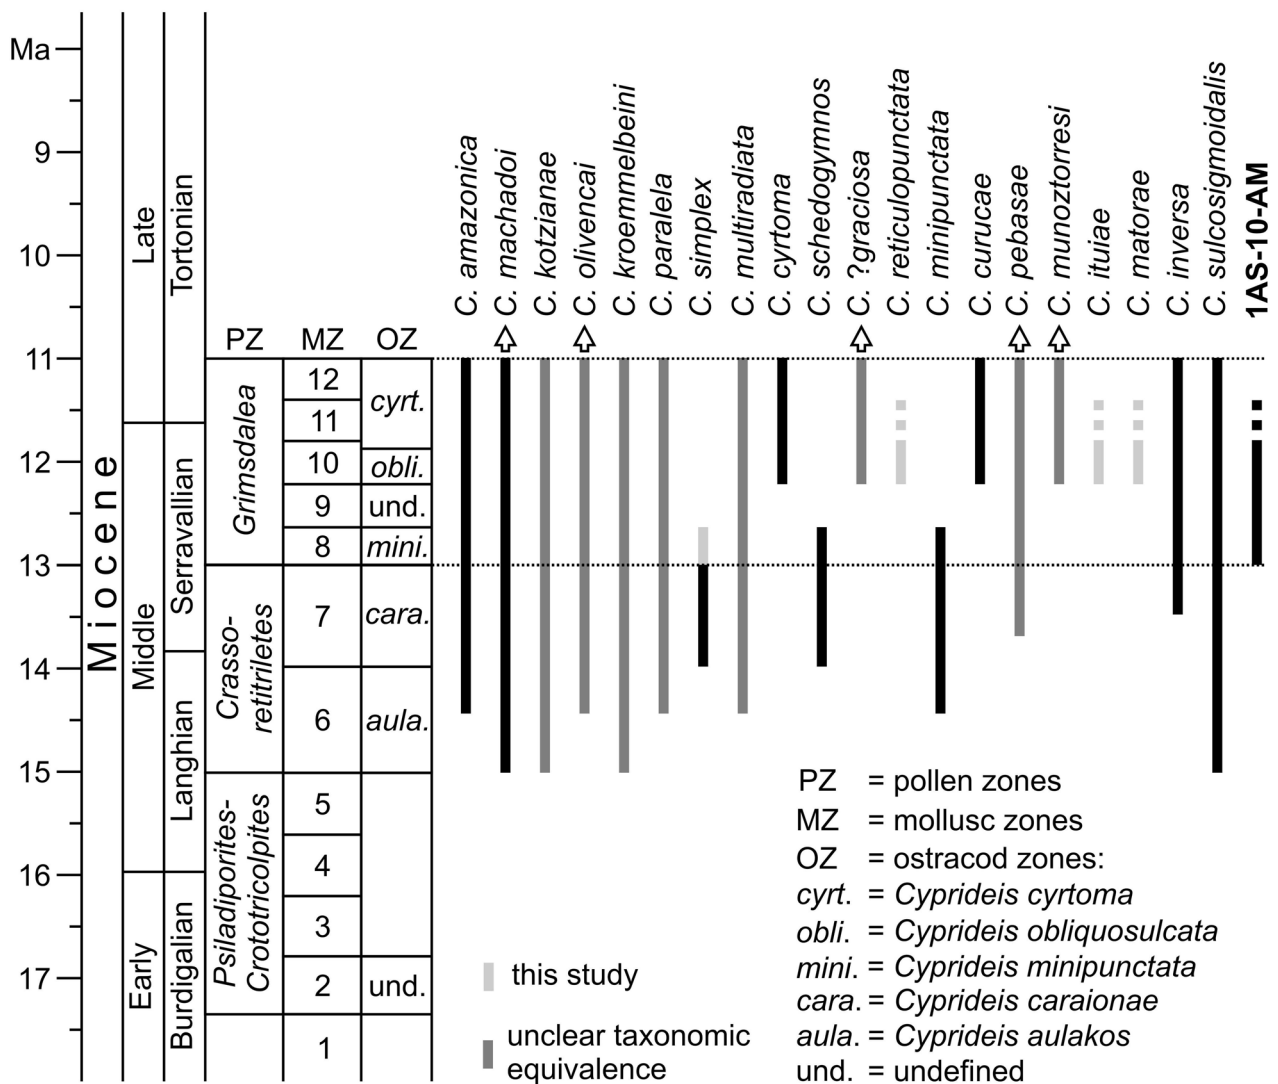

FIGURE 9. Stratigraphic range of herein treated *Cyprideis* species mainly based on Muñoz-Torres *et al.* (2006; for details see chapters 4.5. and 4.6.; correlations of biozones and chronostratigraphy after Wesselingh *et al.* 2006b; Wesselingh & Ramos 2010; arrows: probably further extending into the Late Miocene, see Gross *et al.* 2013).
